

AGE AND WEIGHT DIVISIONS *(Updated 2017 season)*

Divisional Weights and Ages

Division allocation is determined by the "league age" of a child. A child's "league age" is determined by whatever the child's age was on July 31st. **(Example: For the 2017 season starting in Feb 2017, the age would be based on July 31st, 2016. Yes that is 2016 - Therefore players play under the same age as they did in their just previously ended fall season)**

IMPORTANT NOTE: The FSYFL certifies a players weight at the beginning of the season and then does NOT do any further weigh ins. There are game check ins every week before a game where players are checked in against their paperwork in the Team File Folders, but they are NOT weighed in every week.
